

## From the Chair

The first students to enroll after Hurricane Katrina, Tulane's Class of 2010 took a chance on a still-recovering city and university and embraced Tulane's commitment to community engagement.

**They didn't go it alone.** The donors we honor in these pages helped shape a future not only for those students, but for Tulane and New Orleans as well. Join me in thanking the Tulane Associates for their generosity — \$7.7 million for Tulane Fund programs during the 2009–10 academic year alone.

There is more work to be done. Tulane established four goals after the storm: survive, rebuild, renew and empower. Thanks in large part to the unwavering dedication of the Tulane Associates, three of these goals have been met. As attention turns now to empowering students to build sustainable communities and create global change, a broad base of support is critical. Let's get there together.

Regards,

Ozgun Karaosmanoglu (A&S '84, B '87)  
Chair, Associates Board of Directors (July 1, 2008, to June 30, 2010)
